

Millstone Hare Website Updates - Quote

Prepared for: Julie Townsend

Prepared by: Dave Riches, XRF Consulting Ltd

Date: 4 August 2026

Summary

This quote covers the requested updates to the Millstone Hare website based on the supplied menu files and handwritten change notes.

Proposed Work

- Update website opening hours and food service times.
- Add the new main menu PDF to the dining page.
- Add or prepare the supplied Sunday and dessert menu content for the website.
- Update the booking form so customers can only request bookings during valid opening/service times.
- Test the updated pages and booking flow before handover.

Estimate

Estimated effort: **0.5-1.0 days**

Day rate: **GBP 500 + VAT**

Estimated cost:

- **Low estimate:** GBP 250 + VAT
- **High estimate:** GBP 500 + VAT

Final billing will depend on whether the Sunday and dessert menus can be supplied as ready-to-use PDFs, or whether extra preparation is needed from the screenshot images.

Assumptions

- The supplied main menu PDF is approved for publication.
- Any missing or replacement menu files will be provided before implementation.
- Website hosting and existing form infrastructure remain unchanged.
- This quote covers content and booking-rule updates only, not a broader redesign or rebuild.

Notes

The current Sunday and dessert menu files supplied are screenshots. These can be used if required, but original PDFs would give a better result for download quality and customer experience.

Approval

Please confirm approval to proceed with the work at **0.5-1.0 days at GBP 500 + VAT per day**.
